

Where help and hope come together.

October 28, 2020

Dear Lea's Foundation Supporter,

As you all know, at this point in time, the Covid 19 Virus has taken a great toll on all organizations and Lea's Foundation has not been an exception. Both the Foundation's annual Golf Tournament and its major fund raiser, the Valentine Black Tie Ball have had to be canceled.

With the cancelation of these major fundraisers, Lea's Foundation has continued to make every effort to meet our obligations to funding the clinical trials at both Saint Francis Hospital and the Connecticut Children's Medical Center. In doing so, we are now forced to rely solely on the generosity of donations, which have in the past been a small part of our overall income.

Since you have been a welcomed supporter of the Golf Tournament and/or the Black Tie Ball throughout the past years, we are asking that you consider continuing your support through a direct donation to the Foundation. In consideration of your support through direct donations, we will make every effort to recognize that support by acknowledgements in the program and advertisement booklets that are produced for the Golf Tournament and Black Tie Ball, when the events can be conducted again in the future.

We greatly appreciate any consideration you can give us at this time.

Sincerely
